CERTIFICATE OF GUARANTEE OF BEAMS AND SLABS DESIGNED TO CARRY A BUILDINGS SUPERSTRUCTURE

I confirm the delivery of the beams listed below to:

Name of Client: _____

Address: _____

I hereby certify that the beams and/or slabs listed below were delivered to the above address and are strong enough to carry the combined weight of any superstructure, slats, suspended passage, animals, and machinery. The beams and/or slabs are also wide enough to provide adequate support to all and any slats, slabs or stanchions that will be supported by them. The beams and/or slabs have been designed with a minimum working life of 25 years. (Specification S. 123 clause 8.13.)

The following beams and slabs were delivered:

Number	Length	Depth	Width

Signed: _____ (beam/slab manufacturer)

Date: _____
