

Appendix 5

Sample management plan Yr 11 to Yr 20

APPLICANT DETAILS	
Name: Mr Joseph Bloggs	Plan Prepared by: A.N. Forester
Contract No: CN1234	Qualifications: B.Agr.Sc.(For) M.S.I.F.
Phone No: 059 232323	Establishment Company: Good Trees LTD
Address: Stoney Bridge Gorey Co Wexford	

MANAGEMENT OBJECTIVES

Rotation Length To produce a commercial sawlog crop to rotation age.

Age at Clearfell: Felled at Maximum Mean Annual Increment - 20% of MMAI SS

Landscape Retentions: Retain 10 % of Ash by river for biodiversity

Approximate management details for each plot

	Stocking %	First thin age	Yield Class est.	Avg. Height	Thinning cycle	Clearfell age
Plot 1, SS/JL	100%	17	22	6.4m	5	39
Plot 2, Ash	85%	17	8	14m	6	85

Silvicultural System Clearfell Plot 1 Uniform or Continuous Cover System Plot 2

ENVIRONMENTAL OBJECTIVES

All forest operations will be carried out within recommended Forest Service guidelines and other environmental guidelines as issued by other statutory authorities.

Particular Environmental Considerations

Monitor and maintain silt traps, keep buffer strips undeveloped and continue to observe Forestry and water quality guidelines

PLANTATION RECORDS

No species change or area change since Form 3 was submitted.

Work Plan year 11 to year 20

Work Programme Inspect, Check and Action	Year									
	2010 Yr 11	2011	2012	2013	2014 Yr 15	2015	2016	2017	2018	2019 Yr 20
Maintain fences and drains										
Maintain drains and silt traps										
Maintain firebreaks and access tracks										
Monitor crops for signs of insect and fungal damage	Y	Y	Y	Y	Y	Y				
Carry out foliar analysis in December and fertilise if necessary										
Attend Forestry training courses and field days especially concerning harvesting and marketing	Y		Y		Y		Y		Y	Y
Prune conifers						Y				Y
Cut inspection paths at 100m intervals	Y									
Check Yield class of forest crops at 15 years of age. Height, age and species details should be recorded for inventory purposes.				Y	Y					
Assess volume of crop and prepare for first and second thinning						Y	Y			
Apply for a felling license before felling						Y				Y
Market Timber for Sale and monitor volume removed					Y	Y			Y	Y
Assess need for a harvesting road				Y						
Repair Roads after harvesting					Y					

GENERAL COMMENTS

- Development road will need upgrading to harvesting standard before timber is marketed for sale.
- Both my neighbours have indicated that they would like to thin their plantations at the same time as mine. We have decided to market our combined thinning volumes together. A number of interested sawmills will be invited to offer a price based on combined total volume.
